About Us

HI THERE!
WE'RE DYLAN MORGANSTEIN AND JENN SOOS –
THE CREATIVE TEAM BEHIND BOTANIC BACKDROPS!

What started as a shared love for beautiful spaces and unforgettable celebrations turned into a business built around one simple idea:
flowers make everything better!

We specialize in lush floral backdrops and statement installations that completely transform a room. From romantic flower walls to modern greenery moments and custom pieces made just for you, we're all about bringing personality and wow-factor to weddings, parties, and special events. If it makes guests stop, smile, and snap a photo, we've done our job!

At the end of the day, we care about the details and the people behind the celebration. We'll work with you to create something that feels true to your style and makes your event feel extra special. Let's create something beautiful together.
